

# SPACE GASS Engineering Software

Form SG0FA00082017

| Code   | Item   | Price AU\$ (ex GST)                       |  |   |
|--|--|---|--|---|
| SG   | SPACE GASS 12.5 (Includes linear and non-linear static analysis, optimizer, full graphics, reporting, moving load generator, interfaces to many CAD and BIM programs, 900+ page PDF manual, etc) | \$2950                                    | <input type="checkbox"/>                 |   |
| <b>Optional analysis modules</b>   |  |   |  |   |
| SGP  | Plate element (Models slabs, walls, plates, tanks, etc)  | \$1250                                    | <input type="checkbox"/>                 |   |
| SGC  | Cable element (Models cables, guy wires, cable nets, shade sails, etc)   | \$750                                     | <input type="checkbox"/>                 |   |
| SGM  | Master-slave constraints module (Models slabs, walls, rigid segments, etc)   | \$600                                     | <input type="checkbox"/>                 |   |
| SGB  | Buckling analysis module (Calculates buckling load factors and member effective lengths)   | \$750                                     | <input type="checkbox"/>                 |   |
| SGDF   | Dynamic frequency analysis module (Calculates natural frequencies and dynamic mode shapes)   | \$950                                     | <input type="checkbox"/>                 |   |
| SGSR   | Spectral response analysis module (Analyses the effect of an earthquake on a structure)  | \$750                                     | <input type="checkbox"/>                 |   |
| SGPF   | Portal frame builder module (Generates the full model incl AS/NZS1170 wind loads & steel design data)  | \$1250                                    | <input type="checkbox"/>                 |   |
| SGSL   | Sea Load module (Generates wave and ocean current loads for offshore structures)   | \$2500                                    | <input type="checkbox"/>                 |   |
| <b>Optional steel member design modules</b>  |  |   |  |   |
| SGSMD  | Steel member design  | <input type="checkbox"/> AS4100           | <input type="checkbox"/> AS/NZS 4600     | \$950 each<br>or \$1500 any two<br>or \$2100 any three<br>(different items) |
|  |  | <input type="checkbox"/> AISC 360-10 LRFD | <input type="checkbox"/> AISC 360-10 ASD |   |
|  |  | <input type="checkbox"/> HK CP2011        | <input type="checkbox"/> AS3990/AS1250   |   |
| <b>Optional steel connection design modules</b>                                      |  |   |  |   |
| SGSCO  | AS4100 steel connection design (open sections)   | \$1200                                    | <input type="checkbox"/>                 |   |
| SGSCT  | AS4100 steel connection design (tubular sections)  | \$1200                                    | <input type="checkbox"/>                 |   |
| SG2C   | Both steel connection design modules   | \$1900                                    | <input type="checkbox"/>                 |   |
| <b>Optional reinforced concrete design modules</b>                                   |  |   |  |   |
| SGCB   | AS3600 reinforced concrete beam design   | \$750                                     | <input type="checkbox"/>                 |   |
| SGCC   | AS3600 reinforced concrete column design   | \$750                                     | <input type="checkbox"/>                 |   |
| <b>SPACE GASS packages</b>   |  |   |  |   |
| SGPKG-1  | Main package - SG + SGP + SGC + SGM + SGB + SGDF + SGSR + SGCC + SGCB + SGSCO+ SGSCCT + any 2 SGSMD  | \$8950                                    | <input type="checkbox"/>                 |   |
| SGPKG-2  | Steel designer package - SG + SGB + any one SGSMD module + SGSCO + SGSCCT  | \$5300                                    | <input type="checkbox"/>                 |   |
| SGPKG-3  | Concrete designer package - SG + SGCB + SGCC   | \$3600                                    | <input type="checkbox"/>                 |   |
| SGPKG-4  | Portal designer package - SG + SGB + SGPF + SGSMD (AS4100 or NZS3404 + AS/NZS 4600) + SGSCO  | \$5650                                    | <input type="checkbox"/>                 |   |
| <i>Other customized packages can also be made available - Contact us for a price</i> |  |   |  |   |
| <b>Upgrades</b>  |  |   |  |   |
| SGU  | Upgrade from any earlier SPACE GASS version to SPACE GASS 12.6 (Includes 12 months maintenance contract)   | POA                                       | <input type="checkbox"/>                 |   |
| SGCG   | Upgrade from other structural engineering software to SPACE GASS 12.6  | POA                                       | <input type="checkbox"/>                 |   |
| <b>Maintenance contract</b>  |  |   |  |   |
| SGMA   | 12 months maintenance contract (Technical support, upgrades and webinar training sessions)   | \$540                                     | <input type="checkbox"/>                 |   |
| SGMA-D6  | 25% maintenance discount when purchased with a new copy of SPACE GASS  | -\$135                                    | <input type="checkbox"/>                 |   |

**Total** (Full payment is required prior to shipment of goods)      **Subtotal \$** \_\_\_\_\_ + 10% GST = \_\_\_\_\_

- Multiple copy discounts are available. For a formal quote please email us at [admin@spacegass.com](mailto:admin@spacegass.com)
